Your plan uses OptumRx for pharmacy benefits. The costs of taking a long-term medication can add up. We want to help you pay less. To help you in staying on track with your long-term medication(s), we want to tell you about the **CVS90** program. This program gives you options of where to fill a 3-month supply of your long-term medication(s).

Starting **January 1, 2022**, you'll need to fill your long-term medication(s) through OptumRx® home delivery or a CVS retail pharmacy. You can get a 3-month supply of the medication(s) below, usually for less than at other retail pharmacies.
